

Service Edge™

Ensure Guest Satisfaction

Today's hospitality professionals agree that hiring and retaining the highest caliber of service representatives is a top priority to ensuring guest satisfaction. These representatives play a vital role in generating repeat business and boosting service scores, which is why the **Service Edge™** training program was created.

Service Edge is a fun, unique and empowering training solution. Our two-part training focuses first on giving frontline and support staff the training, motivation and confidence they need to make every guest encounter a positive one.

Through a variety of techniques, including mystery shop calls, staff will learn how to:

- Help the customer and create immediate and lasting satisfaction
- Act on customer requests in a service-honoring way
- Handle challenging situations with winning results

By using **Service Edge** to improve guest impressions from arrival to departure, your employees, your guest and your business will benefit.

Our second phase of training engages supervisors and managers and builds on the service training. The primary focus is on communication and feedback. Supervisors and managers learn how to:

- Recognize great behavior
- Deliver constructive feedback
- Reinforce training initiatives

Description

Signature will teach your staff our proven "Magic Formula" and nine non-negotiable service skills to help associates more consistently delight your guests. Training focuses on the four concepts of connect, discover, deliver value, and provide a legendary close. With this program, participants learn to impact guest impressions, while increasing repeat business and service scores.

Ongoing Reinforcement and Measurement

The success of any skill-based training program is directly dependent on the quality of support offered to trained employees after the initial event. Employees must be continuously measured, evaluated and coached to help them integrate new skills into their replicable behaviors. Our reinforcement programs are designed to do just that, and your personalized program will include some, or all, of the following components:

Regular Onsite Reinforcement Sessions

Your Signature Training Account Manager visits several times per year to continuously build the performance of your employees. New employees will be “brought up to speed,” while your seasoned veterans will be coached on the development of new techniques and tailored to the most pressing needs at your hotel.

Mystery Shopping

Experienced shoppers will visit your property periodically for on-site evaluations of your employee's skill development. Additionally, monthly mystery shop calls to your property will measure guest requests and utilization of the Magic Formula. Shopping interactions are recorded and scored based on the employee's mastery of the non-negotiable skills and magic formula.

Program Driver Web Sessions

One on one sessions with your key managers are conducted quarterly with your Signature Training Account Manager to review their coaching action plans. We help you hold your managers accountable for continuing to focus on delivering legendary service throughout your hotel.

Signature Service SkillKit™

Signature provides a set of 9 books, full of 5 to 8-minute activities that managers can discuss with their teams during daily briefing meetings. Each book is centered around individual non-negotiable skills, such as why it is important to be knowledgeable about your property and amenities and how to convey a level of competence to your customers.

Signature Cue-Tips™

Periodic knowledge checks are pushed out to your employees electronically to ensure skills and concepts learned in training stick. Weekly reminders, quizzes and tips to help them stay focused on customer service delivery when there are so many other distractions.

Web-based Management Reporting

To help managers and supervisors monitor performance efficiently, results from your mystery shopping program are available at the click of a mouse. Signature's web-based management reporting tools will help your team gather and use meaningful data about the performance of your employees—from the company-wide level on down to a specific employee.
