

# Transient Edge®

## Why Should I Stay in Your Hotel?

Do your reservations and front desk associates know the right answers to that question? Do they identify caller needs and create value before quoting room rates? Do they ask for the reservation?

If these things don't happen every time the phone rings or a prospective guest walks into your lobby, you're losing reservations – and money – to your competition.

Signature Worldwide can help. We've worked with thousands of hotels and resorts to build the sales and service skills of reservation agents and front-desk staff. We teach a simple Magic Formula for handling inquiries, improving caller experiences and selling more rooms.

**Transient Edge®** is more than a training event – it's a turnkey system for changing behavior that creates lasting improvements in guest satisfaction, conversion rates, and RevPAR. How?

- We start with a thorough assessment and tailor the program to your needs.
- We conduct a dynamic and engaging on-site training event.
- We support skill development with ongoing coaching and mystery shopping.
- We provide web-based management reports that help you drive performance.

**Transient Edge®** participants gain the skills, confidence and attitude to perform to their best ability. Through ongoing coaching and mystery shopping, they'll learn to integrate those new skills into their daily routine. And you'll see the results.

## Ongoing Reinforcement and Measurement

The success of any skill-based training program is directly dependent on the quality of support offered to trained employees after the initial event. Employees must be continuously measured, evaluated and coached to help them integrate new skills into their replicable behaviors. Our reinforcement programs are designed to do just that, and your personalized program will include some or all of the following components:

### Regular Onsite Reinforcement Sessions

Your Signature Training Account Manager visits several times per year to continuously build the performance of your employees. New employees will be “brought up to speed,” while your seasoned veterans will be coached on the development of new techniques and tailored to the most pressing needs at your hotel.

### Skill Refresher Web Sessions

These sessions are performed by a Signature trainer and will reinforce and practice one or two skills agreed upon by Signature account manager and your designated internal program driver.

### One-On-One Driver training

An account management team member will facilitate a program driver web session with designated company management team members to discuss engagement, performance results, best practices and areas of focus moving forward.

### Mystery Shopping

Experienced Signature shoppers will place calls to your property every month. Calls are recorded and scored based on the employee's mastery of the formula.

### Unlimited Coaching on Demand™

As part of our ongoing program, employees dial a toll-free number – as often as they like – to role-play, review performance and build skills with Signature's team of experienced coaches.

### Transient Edge® – Becoming Legendary Self-paced eLearning

Access to our self-paced eLearning reinforcement course will help refresh skills taught during the initial instructor-led training event. After completion of the course, a dedicated Signature staff member will be available to provide additional feedback, instruction, and practice on specific sales and service skills.

### Web-based Management Reporting

Signature's web-based management reporting tools will help your team gather and use meaningful data about the skill performance of your employees.

### Signature Worldwide Transient Edge® Portal

The **Transient Edge Portal** provides a centralized location for you to access numerous resources to help you drive the Signature Worldwide program and to support the skills learned.
